I have lived in Peppermint Grove for most of my life and have a strong connection to this beautiful suburb. I am a former corporate lawyer, now full time Mum of three small children. I have a keen interest in sustainability, low-waste living and the protection of our environment. I believe in maintaining and preserving the qualities that make our Shire so unique and desirable; large blocks, heritage buildings and extensive tree canopy. As a Mum, I also have an ongoing interest in amenities for families and children.

I have an open, inclusive and approachable attitude, and I hope to bring a fresh perspective to the Shire.
