I am a long term resident of Peppermint Grove and with my wife Susan, we have raised our family of three sons within this community for over 30 years.

I'm professionally qualified as a chemical engineer, and now retired, however I remain active in directorships, consulting and mentoring.

I've served on council for 8 years and also the Western Metropolitan Regional Council responsible for our waste management. I've championed; to preserve our bin return service, management of our park and tree assets, establishment of financial investment planning to reduce future risks, our fencing policy to maintain street vistas and I was previously active in the campaign to save the Shire from amalgamation and remain committed to the longer term cause.
