DRAFT ORDINARY COUNCIL MEETING AGENDA

1. DECLARATION OF OFFICIAL OPENING

At _____ pm, the Shire President declared the meeting open and requested that the Affirmation of Civic Duty and Responsibility be read aloud by a Councillor and requested the recording of attendance and apologies.

Council recognises that it is permissible to record the Shire's Council and Forum Meetings in the written, sound, vision medium (or any combination of the mediums) when open to the public. However, people who intend to record meetings are requested to inform the Presiding Member of their intention to do so.

The Presiding Member will cause the Affirmation of Civic Duty and Responsibility to be read aloud by Councillor _____.

Affirmation of Civic Duty and Responsibility

I make this Affirmation in good faith on behalf of Councillors and Officers of the Shire of Peppermint Grove. We collectively declare that we will duly, faithfully, honestly, and with integrity fulfil the duties of our respective office and positions for all the people in the district according to the best of our judgment and ability. We will observe the Shire's Code of Conduct and meeting procedures to ensure efficient, effective and orderly decision making within this forum.

Rules for Council Meeting Public Question Time

- a) *Public Question Time provides the public with an opportunity to put questions to the Council. Questions should only relate to the business of the Council and should not be a statement or personal opinion.*
- b) *During the Council meeting, after Public Question Time no member of the public may interrupt the meeting's proceedings or enter into conversation.*
- c) *Whenever possible, questions should be submitted in writing at least 48 hours prior to the start of the meeting.*
- d) *All questions should be directed to the President and only questions relating to matters affecting Council may be answered at an Ordinary meeting, and at a Special meeting only questions that relate to the purpose of the meeting may be answered. Questions may be taken on notice and responded to after the meeting, at the discretion of the President.*

- e) *The person presiding will control Public Question Time and ensure that each person wishing to ask a question should state his or her name and address before asking the question. If the question relates to an item on the agenda, the item number should also be stated. In general, persons seeking to ask a question will be given 2 minutes within which to address their question to the Council. The person presiding may shorten or lengthen this time in their discretion.*

4.1 RESPONSE TO PREVIOUS QUESTIONS TAKEN ON NOTICE FROM A PREVIOUS MEETING

4.2 QUESTIONS FROM MEMBERS OF THE PUBLIC

4.3 DEPUTATIONS OF THE PUBLIC

4.4 PRESENTATIONS FROM THE PUBLIC

5.0 DECLARATIONS OF INTEREST

Councillors / Staff are reminded of the requirements of section 5.65 of the Local Government Act 1995, to disclose any interest during the meeting when the matter is discussed, and also of the requirement to disclose an interest affecting impartiality under the Shire's Code of Conduct. Councillors / staff are required to submit declarations of interest in writing on the prescribed form.

5.1 FINANCIAL INTEREST

A declaration under this section 5.60 of the Act requires that the nature of the interest must be disclosed. Consequently a member who has made a declaration must not preside, participate in, or be present during any discussion or decision making procedure relating to the matter the subject of the declaration.

Other members may allow participation of the declarant if the member further discloses the extent of the interest and the other members decide that the interest is trivial or insignificant or is common to a significant number of electors or ratepayers.

5.2 PROXIMITY INTEREST

A declaration under this section 5.60 of the Act requires that the nature of the interest must be disclosed. Consequently a member who has made a declaration must not preside, participate in, or be present during any discussion or decision making procedure relating to the matter the subject of the declaration.

5.3 IMPARTIALITY INTEREST

Councillors and staff are required (Code of Conduct), in addition to declaring any financial interest, to declare any interest that might cause a conflict. The member / employee is also encouraged to disclose the nature of the interest. The member / employee must consider the nature and extent of the interest and whether it will affect their impartiality. If the member / employee declares that their impartiality will not be affected then they may participate in the decision making process.

5.4 INTEREST THAT MAY CAUSE A CONFLICT

Councillors and staff are required (Code of Conduct), in addition to declaring any financial interest, to declare any interest that might cause a conflict. The member / employee is also encouraged to disclose the nature of the interest. The member / employee must consider the nature and extent of the interest and whether it will affect their impartiality. If the member / employee declares that their impartiality will not be affected then they may participate in the decision making process.

5.5 STATEMENT OF GIFTS AND HOSPITALITY

Councillors and staff are required (Code of Conduct), to disclose gifts and acts of hospitality which a reasonable person might claim to be a conflict of interest. Gifts and acts of hospitality which exceed that amount of prescribed by regulation are to be recorded in the Councils Gift Register.

PURPOSE OF REPORT

To consider development application for a Single House – Additions and Alterations.

SUMMARY AND KEY ISSUES

- The subject land is zoned Residential (R12.5) a Single House is a 'P' use.
- The property is in the Municipal Heritage List, Category 1.
- The application was advertised to the western affected neighbour and was referred to for comment. No submissions were received.
- The proponent has provided justification why Council discretion should be exercised for the local planning policy framework and how the design principles for lot boundary setbacks, street walls and fences, sight lines, and open space have been satisfied.

LOCATION

11 Irvine Street, Peppermint Grove.

BACKGROUND

11 Irvine Street contains a 1910-1913 Federation Queen Anne cottage.

The neighbourhood character is notable for a cluster of heritage properties with open framed fencing and landscaping gardens.

The proponent has provided a heritage report with acknowledgment of the significance of the place and an assessment of the impact of the proposed additions.

The proposed additions and alterations are limited to the conversion of a carport to a storage shed, widening of the existing vehicular crossover and additional hard stand, conversion of a shed to a cellar including new steps, and alterations and minor additions to an alfresco area. The proposed works are considered to satisfy the relevant design principles, provisions, and policy objectives of the planning policy framework. This report focuses on the impact on the streetscape and the neighbours to the west.

CONSULTATION

The proponent discussed the proposal at the time of lodgement and met with planning officers to clarify the works and better understand the planning framework. Further information was sought to clarify the layout and address sight lines. The front fence column layout was subsequently revised.

Advertising to the western neighbour for a period of 14 days was required in accordance with the Shires Local Planning Policy 6 – Neighbour Consultation. The advertisement period has now concluded, and no submission was received.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

LOCAL PLANNING POLICY IMPLICATIONS

The proposal complies with relevant Local Planning Policy.

STATUTORY IMPLICATIONS

The statutory timeframe to determine an application that has been advertised is ninety (90) days excluding any period the application is on hold pending the submission of further information. After this date the application is 'deemed to be refused' for the purposes of enabling an application for determination to be lodged to the State Administrative Tribunal (SAT). This application is within the statutory timeframe.

The proposal complies with relevant Scheme provisions, R-Codes and Planning Policies with the exception of those outlined in the table below.

LOCAL PLANNING SCHEME NO. 4	
Scheme Provisions/Modification of R-Codes	Assessment/Comment
Building Height The maximum height of dwellings coded R10, R12.5 , R15 and R20 shall be determined in accordance with the R-Codes for category B areas and not exceed two storeys excluding any basement. Height shall be measured in accordance with ' <i>mean natural ground level</i> ' as defined in the Scheme as opposed to ' <i>natural ground level</i> ' as defined in the R-Codes.	Compliant. The deemed-to-comply requirement for a wall of a dwelling with a hipped and pitched roof is 7m and overall height is 10m.
Street Setbacks For R10, R12.5 and R15 coded areas the setback from the front street boundary to any building, including a carport or garage, shall be a minimum of 9 metres from the primary street and 4.5 metres from the secondary street.	Non-compliant. The existing carport is setback is 7m. The subject site has a single street frontage. The impact of the carport conversion on the street setback is further explored under the Council Policy table below.

RESIDENTIAL DESIGN CODES	
Design Principles	Assessment/Comment
Site Area 5.1.1, Table 1 of the R-Codes.	N/A no new lots or additional dwelling(s) are proposed.
Street and Lot Boundary Setbacks 5.1.2 & 5.1.3, Tables 1, 2a and 2b of the R-Codes.	The deemed-to-comply requirements for street setbacks are varied by clause 26(2) of the local planning scheme and addressed in the Scheme/R-Code Modification table above. The deemed-to-comply requirements for buildings built up to a boundary in areas coded R10 and R12.5 is varied by Local Planning Policy 11 and addressed in the Scheme/Council Policy table below. Western Setback – The existing carport is located on the side boundary of the neighbouring property. Setback nil from the boundary and is 3.57m in height. The location of the shed is consistent with an existing carport which has parapet. The shed is being enclosed on two sides and will not be used for vehicle storage. The hipped roof is being replaced with a gable roof and the existing parapet raised 900mm.

<p>Open Space 5.1.4, Table 1 of the R-Codes.</p>	<p>There is no significant change to the size of the building footprint. However, the deemed-to-comply requirement 55% has not been achieved. 43% of open space has been provided.</p> <p>The proposal relies on the design principles that take into consideration streetscape character, solar access, building bulk, landscaping and the usability of open space.</p> <p>The proposed building works will have little to no impact on the streetscape and are of single-story construction. The subject site has functional open space. Due to the heritage property and the of the dwelling, which appears to be unchanged in building layout, the open space remained consistent at 43%.</p> <p>The design principles are considered to be met.</p>
<p>Building Heights 5.1.6, Table 3 Figure Series 7 of the R-Codes.</p>	<p>The deemed-to-comply requirements for building height are varied by clause 26(1) of the local planning scheme and addressed in the Scheme/R-Code Modification table above. The proposal does not rely on Council discretion.</p>
<p>Street Surveillance 5.2.3 of the R-Codes.</p>	<p>Compliant. The deemed-to-comply requirement is for the street elevation(s) of the dwelling to address the street with clearly definable entry points visible and accessible from the street, at least one major opening from a habitable room to face the street.</p>
<p>Street Walls and Fences 5.2.4, Figure 12 of the R-Codes.</p>	<p>Compliant. The deemed-to-comply requirement for street walls and fences to be visually permeable above 1.2m and solid pillars to not exceed 1.8m has been met. The deemed-to-comply requirements are varied by Local Planning Policy 12 – Front Fences and addressed in the Scheme/Council Policy table below.</p>
<p>Sight Lines 5.2.5, Figure 9a of the R-Codes.</p>	<p>The deemed-to-comply requirement is for all walls, fences and other structures to be truncated or reduced in height to no more than 750mm within 1.5m of where the driveway intersects with the street / right-of-way.</p> <p>The design principles require the provision of unobstructed sight lines at vehicle access points to ensures safety and visibility along access ways, streets, rights-of-way, communal streets, crossovers, and footpaths.</p> <p>The eastern column adjacent to the driveway encroaches slightly into the 1.5m truncation. However, the fence is permeable and affords sightlines to and from the adjacent footpath.</p> <p>The design principles are considered to be met.</p>
<p>Outdoor Living Areas 5.3.1, Table 1 and Figure 13 of the R-Codes.</p>	<p>N/A. There are no measurable changes to the existing outdoor living area.</p>

Landscaping 5.3.2 of the R-Codes.	Compliant. The deemed-to-comply requirement for landscaping of single houses is one tree occupying a minimum tree planting area of 2m x 2m that is free of impervious surfaces.
Parking 5.3.3 of the R-Codes.	Compliant. The development is located within 250m of a high frequency bus route. The deemed-to-comply requirement is for each single house is for one bay.
Vehicular Access 5.3.5 of the R-Codes.	Compliant. The deemed-to-comply requirement is for access to on site car parking spaces to be provided where available from a communal street or right-of-way, from a secondary street where no communal street or right-of-way exists, from the primary street frontage where no secondary street or communal street or right-of-way exists.
Site Works 5.3.7, Table 4 of the R-Codes.	N/A. There are no proposed changes to the existing site levels between the street boundary and the street, or in close proximity to any lot boundary.
Stormwater Management 5.3.9 of the R-Codes.	Compliant. The deemed-to-comply requirement is for all water draining from roofs, driveways, communal streets and other impermeable surfaces shall be directed to garden areas, sumps or rainwater tanks within the development site where climatic and soil conditions allow for the effective retention of stormwater on-site.
Visual Privacy C5.4.1, Figure 10, 10a, 10b and 10c of the R-Codes.	N/A. No major openings are proposed, and retrospective compliance is not sought such that the deemed-to-comply requirement does not apply.
Solar Access for Adjoining Sites 5.4.2 of the R-Codes.	N/A. there is no residential zoned land located to the south of the subject site that may otherwise be impacted.
Outbuildings 5.4.3, Tables 1 & 2a of the R-Codes.	<p>The deemed-to-comply requirement for a large outbuilding is individually or collectively does not exceed 60m² in area or 10% in aggregate of the site area (whichever is the lesser), set back in accordance with Table 2a, does not exceed 10m² in area, does not exceed a wall height of 2.4, does not exceed a ridge height of 4.2m, not located within the primary or secondary street setback area, and does not reduce open space and outdoor living area requirements.</p> <p>The floor area of the existing shed to be converted to a cellar is 18.3m² and 2.2m high. There is no proposed change to the building footprint.</p> <p>Setback in accordance with Table 2a – the setback is nil from the north and west boundary. The shed is existing. The design principles require outbuildings to not detract from the streetscape or the visual amenity of residents or neighbouring properties.</p> <p>The outbuilding (cellar) is located in the far northwest corner of the property and cannot be viewed from Irvine Street.</p> <p>The design principles are considered to be met.</p>

External Fixtures, Utilities and Facilities 5.4.4 of the R-Codes.	N/A. The proposal does not include details of solar collectors, aerials, antennas, satellite dishes or other external fixtures.

SCHEME/COUNCIL POLICY	
Policy Type	Assessment/Comment
Local Planning Policy 1 – Design and Streetscape	The proposal is consistent with the policy intent for replacement dwellings or significant additions and outbuildings to be responsive to the existing context and contribute positively to the prevailing streetscape.
Local Planning Policy 2 – Ecological Urban Design and Sustainability	The proposal is consistent with the policy intent to conserve areas of each site for urban green space and ecological purposes and to provide guidance on building and site design.
Local Planning Policy 3 – Heritage Places	<p>The proposal is consistent with the policy intent for alterations and additions to buildings on the Municipal Heritage List to meet the recommended guidelines of the Burra Charter without precluded a dwelling to be upgraded to meet modern living standards. There is a presumption against demolition and for development application to be accompanied by a report prepared by a heritage consultant detailing the work to be completed and their impacts on the heritage fabric of the building. The policy aligns with State planning policy 3.5 Historic Heritage Conservation and does not vary any deemed-to-comply requirements contained in the R-Codes.</p> <p>The heritage statement was prepared by Griffiths Architects and has determined that the works will “<i>unpick later unsympathetic additions including the existing carport and fence. The proposed utility shed that presents as a garage will store and hide council bins from street view. The internal refit of the rear store will not change the existing envelope of the structure. The new patio will not impact on the adjoining properties. This is overall a good heritage outcome</i>”.</p> <p>The proposal is considered to preserve the form and fabric of the original house, not adversely affect the significance of the place when viewed from the street. The place has a moderate to high level of integrity. The external modifications are reversible. The carport conversion replaces a skillion roof with a Dutch gable design which better aligns with the architecture of the cottage.</p>
Local Planning Policy 4 – Residential Building Heights	N/A. The proposal does not seek to establish a new dwelling or alter the established building height of the cottage.
Local Planning Policy 5 – Plot Ratio For R10, R12.5 , R15 and R20 Coded areas the maximum plot ratio shall be 0.5	Compliant. The proposal has a plot ratio of approximately 0.42.

<p>Local Planning Policy 6 – Neighbourhood Consultation on Development</p>	<p>The policy intent is to advise affected landowners adjoining development sites in residential areas before they proceed, and to ensure neighbours are consulted on applications that rely on variations to the R-Codes and are afforded an opportunity to make written submissions on non-compliant aspects of the development.</p> <p>A 14-day advertising period to the western neighbour has concluded and no submission received. The consultation letter individually identified the respective variations sought and advised that submissions will be kept on file and may be included in a planning report to Council.</p>
<p>Local Planning Policy 8 – Construction Management Plans</p>	<p>The policy requires owners and their contractors to undertake the effective management of approved development. Proponents are required as a condition of planning approval to submit a construction management plan for assessment and approval prior to the issuance of a demolition or building permit.</p> <p>The construction management plan will need to have specific regard to site access, dust control and parking. The submission of a construction management plan will be addressed with a condition of development approval.</p>
<p>Local Planning Policy 9 – Development Bonds</p>	<p>To ensure that any damage to public property caused by building work is fixed properly, the policy allows for the lodgement of a bond based on the value of work being undertaken.</p> <p>The Manager of Infrastructure Services has been notified of the proposed development and will document the condition assets in the road verge. A development bond will be required prior to the commencement of works.</p>
<p>Local Planning Policy 10 – Design Review Panels</p>	<p>N/A. The proposal does not meet the criteria to be considered by a Design Review Panel.</p>
<p>Local Planning Policy 11 – Building on Side and Rear Boundaries</p>	<p>For areas zoned R10 or R12.5 there are no deemed-to-comply requirements contained in the R-Codes for boundary walls. The design principles for buildings built up to boundaries (other than street boundaries) contained in the R-Codes apply.</p> <p>The proposal is consistent with the policy intent. The policy intent is to ensure that the regular spacing or street rhythm is maintained and to provide a set of criteria where Council may consider boundary walls in areas zoned R10 or R12.5. The pertinent policy provisions are for side boundaries the incursion into the street setback should be located at least 3m behind the 9m primary street setback.</p> <p>The western parapet boundary wall is 7m front the primary street.</p> <p>The parapet wall to the existing boundary masonry boundary wall ensures fire separation between the neighbouring properties.</p>

	<p>The proponent claims that if the shed was setback 3m within the 9m front setback, the western shadow cast will be of detriment to the neighbour.</p> <p>The construction on the boundary is considered minor and raised no objection from the affected neighbour. The construction does not compromise the policy intent being achieved and is consistent with recent Council discretion for similar variations and should be supported.</p>
Local Planning Policy 12 – Front Fences	<p>The policy provides guidance on the circumstances and parameters whereby front fencing is able to be approved without causing detriment to the streetscape or the character of the neighbourhood or the loss of visibility of valued properties from the street such as heritage listed properties. An objective of the policy is to ensure front fencing to heritage places are of a complementary design, scale and materiality. This has been achieved.</p> <p>The supporting columns either side of the entry gate are 1.719m apart, just short of the 1.8m requirement.</p> <p>The variation sought to the policy provisions are considered minor and do not compromise the policy intent being achieved and should be supported.</p>
Vehicular Crossover Policy and Technical Specification	<p>The proposal seeks to widen the existing single crossover by 800mm. The crossover will need to be constructed in accordance with Shire specifications.</p> <p>The Manager of Infrastructure Services has been consulted and has no objection.</p>

FINANCIAL IMPLICATIONS

There are no financial implications evident at this time.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

There are no social implications at this time.

OFFICER COMMENT

The proposed additions and alterations are of a limited nature being the conversion of a carport to a storage shed, widening of the existing single vehicular crossover and additional hard stand, the conversion of a shed to a cellar including new steps, and alterations and minor additions to an existing alfresco area. The proposed works are considered to satisfy the relevant design principles, provisions, and policy objectives of the planning policy framework.

The R-Codes provide a comprehensive basis for the control of residential development throughout Western Australia. Where a proposal does not meet the deemed-to-comply

provisions of the R-Codes and addresses design principles, the decision-maker is required to exercise judgement to determine the application. In respect to lot boundary setbacks for the converted carport and outbuilding (shed) open space, the changes to the building footprints and bulk are negligible. In respect to sight lines, there sufficient visibility for the vehicle crossover to ensure safety for pedestrians.

Notwithstanding that there is a general presumption that Scheme requirements should not be varied, discretion can be applied to the development requirements contained in Part 4 and to development standards in Schedule 1. Part 4 of the Scheme prescribes modifications to the R-Codes for street setbacks. In respect to the street setback, the carport to be converted to a shed is unchanged and the conversion itself will not adversely impact the streetscape or affected neighbour.

Local planning policies are not deemed to be a law or statute and must not be applied inflexibly. Seeking further design revisions to the front fence for the column spacing or to sight lines would be unreasonable as the variations sought by the proponent have been justified and considered minimal.

It is acknowledged that the subject site is split across two equal sized lots. Seeking amalgamation of the titles is not sought as part of the recommended conditions of development approval on the grounds that there is insufficient nexus between the proposed development and the cadastral boundary that would otherwise be removed. The proposed development does not straddle this boundary or require design elements to address fire separation.

The recommended conditions of development approval and endorsement of the heritage statement will ensure consistency between the development and building approvals, and that the construction phase can be managed to not adversely impact on the amenity of the area, that works within the verge will comply with Shire's technical specifications and the construction will not adversely impact the heritage significance of the place.

Development Application DA2022/00027 is recommended for approval for the reasons articulated above.

OFFICER RECOMMENDATION/S – ITEM NO 8.1.1

That Council approves DA2022/00027 for Single House - Additions and Alterations at 11 (Lot 5 & 210) Irvine Street, Peppermint Grove in accordance with the submitted plans, heritage statement and application lodged on 06/09/2022 subject to the following conditions:

- 1. The approved building works and layout as identified on the development plans shall not be altered without the prior written consent of the CEO.**
- 2. Prior to this permit having force or effect, the applicant is to submit for the approval of the CEO construction and engineering details of the widening works for the existing crossover to Irvine Street. The plans must demonstrate a suitable**

truncation to preserve sightlines and safety for all vehicle manoeuvres associated with accessing the site.

Once approved, the construction and engineering details plans shall form part of this permit.

- 3. The materials, construction techniques and management measures (as applicable) as outlined in the Heritage Statement dated 05 September 2022 shall not be altered without the prior written consent of the CEO.**
- 4. Prior to this permit having force or effect the applicant shall submit for approval and to the satisfaction of the CEO a Construction Management Plan (CMP) binding all contractors working on the site. Unless otherwise approved in writing by the Shire, all management and mitigation measures contained within the CMP shall be adhered with at all times.**

Once approved, the CMP shall form part of this permit.

- 5. Unless otherwise varied by a permit under the Activities in Thoroughfares and Public Places and Trading Local Law 2021 or an approved Construction Management Plan, all construction materials and skip bins associated with the approved works shall be wholly stored wholly within the subject land.**
- 6. The construction works shall only occur between the hours of 7.00am and 7.00pm, Monday to Saturday, and not at all on Sunday or Public Holidays. Any variation to the above hours must be identified in an approved Construction Management Plan or, the prior written consent of the CEO otherwise obtained.**
- 7. In accordance with the Shire of Peppermint Grove Local Planning Policy 9 – Development Bonds a development bond to the satisfaction of the CEO must be submitted to the Shire prior to the issuance of a Building Permit to ensure any damage to public property caused by building works is rectified and the satisfactory completion of the development.**
- 8. The modified vehicular crossover must be constructed and; thereafter, maintained in accordance with the Shire of Peppermint Grove Vehicular Crossovers General Requirements and Specifications.**
- 9. Stormwater run-off from the approved development shall be retained on site.**
- 10. This approval shall remain current for development to commence within two years of the date of issue of this notice. All works associated with this approval (once commenced) shall be completed before the end of the third year from the date of issue of this notice.**

Advice Notes.

1. In approving this application Council has assessed the proposal against Local Planning Scheme No. 4, Local Planning Policies and the Design Principles of the Residential Design Codes of Western Australia and has and has exercised its discretion in relation to the following matters:
 - Street setback.
 - Lot boundary setbacks.
 - Front fencing.
 - Sight lines.
 - Open space.
2. The development and use shall at all times comply with the provisions of the Shire of Peppermint Grove Town Planning Scheme, the *Building Code of Australia*, the *Environment Protection Act 1986* and any other relevant Acts, Regulations, Local Laws or Council policies.
3. No building works are to be undertaken prior to the issue of a Building Permit. Your Building Application plan set must align with the plans approved as part of any Development Approval granted by the Shire in relation to the building the subject of this Permit.
4. Building Applications will be placed on hold unless the plan set include duplicates of those endorsed as part of any corresponding Development Approval, or the applicant certifies that the plan set is consistent with those endorsed as part of any corresponding Development Approval or demonstrates to the satisfaction of the Shire that any variations are trivial.
5. In respect to Development Bonds, the Shire requires the applicant to arrange for the inspection of all Shire infrastructure including the street verge adjacent to the property post completion to confirm the satisfactory completion of works and determine any necessary remediation of impacts on public infrastructure and lands. PURPOSE OF REPORT

This report considers an updated agreement for the management of the Grove Library and Community Centre (the Library). The Library is jointly owned by the 3-member (members) Councils, being the Towns of Cottesloe and Mosman Park and the Shire of Peppermint Grove, with the Shire being the managers of the facility.

SUMMARY AND KEY ISSUES

- The current Library facility was opened in 2010 and is jointly owned by the 3 members.
- The Shire of Peppermint Grove manages the facility on behalf of the members.
- In June 2009 the members entered into a Project Construction and Management Agreement dealing with the completion of the construction of the facility and thereafter the ongoing management.
- The agreement included the establishment of a Management Committee to facilitate the terms of the agreement.
- An updated agreement is presented to members to reflect the current arrangements for the facility.

LOCATION

N/A

BACKGROUND

The 2009 agreement had a focus on the construction elements of the facility and included the establishment of a Library Management Committee (LMC). This committee was not formally established under the Local Government Act and operated more along the lines as an advisory group. The LMC comprised of one representative from each of the member councils, with equal voting rights. The Shire managed the facility on behalf of the members. Funding for the annual operating shortfall was allocated based the census population of each member. The agreement also addressed the Shire's Administration Centre floor area of the building, with costs for this portion met by the Shire.

CONSULTATION

The issue of updating the 2009 agreement has been discussed by the LMC for a number of years, along with legal advice on the construct of a new agreement being sought.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

POLICY IMPLICATIONS

There are no specific policy implications in respect to this matter.

STATUTORY IMPLICATIONS

There are no specific statutory requirements in respect to this matter.

FINANCIAL IMPLICATIONS

There are no financial implications evident at this time.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

There are no social implications at this time.

OFFICER COMMENT

The 2009 agreement was due for updating and modernising. The new agreement as presented doesn't alter voting entitlements nor the funding formulae, but mainly deals with the governance of the LMC, which under the new agreement, would be established as the Library Management Group (LMG). For day-to-day operations, there would be no change to the running of the library and the meetings of the LMG would deal with the same matters as the current LMC. Membership arrangements would not change.

The intent is that all 3-member Council's would adopt the new agreement, with the implementation date being 1 January 2023. The old agreement would fall away with the joint signing of the new agreement.

OFFICER RECOMMENDATION/S – ITEM NO 8.3.1

That Council

- 1. Endorse the Cottesloe, Peppermint Grove and Mosman Park Library and Community Learning Centre Management Agreement with an implementation date of 1 January 2023.**
- 2. Authorise the Shire President and CEO to apply the Shire's Common Seal and sign the document.**

Disclosure of Interest	:	Nil
Responsible Officer	:	Don Burnett CEO

PURPOSE OF REPORT

The Shire's representative on the West Metro Recycling Centre (WMRC), Cr Hohnen has resigned from this role. Council is required to nominate a new representative.

SUMMARY AND KEY ISSUES

- WMRC is a Regional Council formed under the Local Government Act to manage waste disposal for member Councils. The members are the City of Subiaco, the Towns of Claremont, Mosman Park, Cottesloe and the Shire.
- Each member Council has a representative, which they then are WMRC Councillors, with deputies to be nominated as well
- The Shire's representative, Cr Hohnen, has advised he has resigned his position as the Shire's representative.
- The Shire is required to nominate a new representative.

BACKGROUND

WMRC is a Regional Council formed under the Local Government Act to manage waste disposal for member Councils, with the members being the City of Subiaco, the Towns of Claremont, Mosman Park, Cottesloe and the Shire. Each member Council has a representative, and these representatives become the WMRC Councillors, with deputies to be nominated as well. Member representatives are elected by each member following the biennial Council elections.

Following the 2021 elections, Cr Hohnen was elected as the Shire representative on the WMRC, with Cr McIntosh as the Deputy.

CONSULTATION

There has been no specific consultation undertaken in respect to this matter.

STRATEGIC IMPLICATIONS

There are no strategic implications evident at this time.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

There are no significant statutory implications.

FINANCIAL IMPLICATIONS

There are no financial implications in respect to this matter.

COMMENT

Cr Hohnen has indicated that he has resigned, effective from 7th October 2022 as the Shire's representative on the WMRC. Council is required to nominate a new representative. Cr McIntosh is the current deputy. In the event that Cr McIntosh becomes the representative, then a deputy would have to be elected.

Cr McIntosh has indicated his willingness to be the Shire's representative.

OFFICER RECOMMENDATION/S – ITEM NO. 8.5.1

That Council;

- 1. Nominate Cr McIntosh as the Shire's representative on the WMRC**
- 2. And that Cr_____ is nominated as the Shire's deputy on the WMRC.**
