### 1.17 Evaluation Process

This is a Request for Tender.

Your Tender will be evaluated using information provided in your Tender.

The following evaluation methodology will be used in respect of this Request:

- a) Tenders are checked for completeness and compliance. Tenders that do not contain all information requested (eg completed Offer form and Attachments) may be excluded from evaluation.
- b) Tenders are assessed against the Selection Criteria. Contract costs are evaluated (eg tendered prices) and other relevant whole of life costs are considered.
- c) The most suitable Tenderers may be short listed and may also be required to clarify their Tender, make a presentation, demonstrate the product/solution offered and/or open premises for inspection. Referees may also be contacted prior to the selection of the successful Tenderer.

A Contract may then be awarded to the Tenderer whose Tender is considered the most advantageous Tender to the Principal.

#### 1.18 Selection Criteria

The Contract may be awarded to a Tenderer who best demonstrates the ability to provide quality products and/or services at a competitive price. The tendered prices will be assessed together with qualitative and compliance criteria to determine the most advantageous outcome to the Principal.

The Principal has adopted a best value for money approach to this Request. This means that, although price is considered, the Tender containing the lowest price will not necessarily be accepted, nor will the Tender ranked the highest on the qualitative criteria.

A scoring system will be used as part of the assessment of the qualitative criteria. Unless otherwise stated, a Tender that provides all the information requested will be assessed as satisfactory. The extent to which a Tender demonstrates greater satisfaction of each of these criteria will result in a greater score. The aggregate score of each Tender will be used as one

of the factors in the final assessment of the qualitative criteria and in the overall assessment of value for money.

### 1.19 Compliance Criteria

These criteria are detailed within *Part 4.2.1* of this document and will not be point scored. Each Tender will be assessed on a Yes/No basis as to whether the criterion is satisfactorily met. An assessment of "No" against any criterion may eliminate the Tender from consideration.

### 1.20 Qualitative Criteria

In determining the most advantageous Tender, the Evaluation Panel will score each Tenderer against the qualitative criteria as detailed within *Part 4.2.2* of this document. Each criterion will be weighted to indicate the relative degree of importance that the Principal places on the technical aspects of the goods or services being purchased.

It is essential that Tenderers address each qualitative criterion. Information that you provide addressing each qualitative criterion will be point scored by the Evaluation Panel. Failure to provide the specified information may result in elimination from the tender evaluation process or a low score.

### 1.21 Value Considerations

The non-weighted cost method is used where functional considerations such as capacity, quality and adaptability are seen to be crucial to the outcome of the contract. The evaluation panel will make a series of value judgements based on the capability of the Tenderers to complete the Requirements and a number of factors will be considered including:

- a) the qualitative ranking of each Tenderer;
- b) the pricing submitted by each Tenderer;
- c) insert any applicable policies that may affect selection (eg Regional Price Preference Policy, DAIP Plan considerations). Detail from where a copy is available; and
- d) insert any other criteria that may affect the value for money

Once the tenders have been ranked, the evaluation panel will make a value judgement as to the cost affordability, qualitative ranking and risk of each Tender, in order to determine the Tender which is most advantageous to the Principal.

The tendered price will be considered along with related factors affecting the total cost to the Principal (eg the lifetime operating costs of goods or the Principal's contract management costs may also be considered in assessing the best value for money outcome).

#### 1.22 Price Basis

All prices for goods/services offered under this Request are to be fixed for the term of the Contract. Tendered prices must include Goods and Services Tax (GST).

Unless otherwise indicated prices tendered must include delivery, unloading, packing, marking and all applicable levies, duties, taxes and charges. Any charge not stated in the Tender, as being additional will not be allowed as a charge for any transaction under any resultant Contract.

#### 1.23 Ownership of Tenders

All documents, materials, articles and information submitted by the Tenderer as part of or in support of the Tender will be become upon submission the absolute property of the Principal and will not be returned to the Tenderer at the conclusion of the Tender process PROVIDED that the Tenderer be entitled to retain copyright and other intellectual property rights therein, unless otherwise provided by the Contract.

#### 1.24 Canvassing of Officials

If the Tenderer, whether personally or by an agent, canvasses any of the Principal's Commissioners or Councillors Officers (as the case may be) with a view to influencing the acceptance of any Tender made by it or any other Tenderer, then regardless of such canvassing having any influence on the acceptance of such Tender, the Principal may at its absolute discretion omit the Tenderer from consideration.

#### 1.25 Identity of the Tenderer

The identity of the Tenderer and the Contractor is fundamental to the Principal. The Tenderer will be the person, persons, corporation or corporations named as the Tenderer in Part 4 and whose execution appears on the Offer Form in *Part 4* of this Request. Upon acceptance of the Tender, the Tenderer will become the Contractor.

#### 1.26 Costs of Tendering

The Principal will not be liable for payment to the Tenderer for any costs, losses or expenses incurred by the Tenderer in preparing their Offer.

#### 1.27 Tender Opening

Tenders will be opened in the Principal's offices, following the advertised Deadline. All Tenderers and members of the public may attend or be represented at the opening of Tenders.

The names of the persons who submitted the Tender by the due Deadline will be read out at the Tender Opening. No discussions will be entered into between Tenderers and the Principal's officers present or otherwise, concerning the Tenders submitted.

#### 1.28 In House Tenders

The Principal does not intend to submit an In House Tender.

## Re Request for support of the 125<sup>th</sup> Anniversary Light Spectacular Fair of Cottesloe Primary School

Dear Shire President Thomas,

Thank you kindly for the recent opportunities to speak to yourself and your fellow councillors about our school and our improvement plans. We are thrilled with the support we receive from Peppermint Grove council, and hope the feeling is mutual. We like to think of our school as an important part of Peppermint Grove's offering to young families, not only as a provider of education, but also as publicly available greenspace and a provider of before/after school activities for all children in the community.

On the 26 November 2022, our P&C Association will be hosting a fair to celebrate the milestone 125 year history of the school and to raise funds for some much needed development of the school grounds. As we discussed, we have plans to develop the dilapidated play spaces of our Early Learning Centre and create a safer, more inviting "Beeliar" pathway through our grounds.

The fair will be an afternoon for the whole community full of live performances, rides, games and stalls. Special features will include 1) an artful paper seagull installation, with each bird holding a special wish for the future of the school and community and 2) the premiere of a spectacular drone light show by Stellar Lights, who will weave a story for the community underpinning the 125 year history of the school and the more extensive history of the land and culture from which Peppermint Grove has grown. Drones have been selected for being more environmentally sensitive than traditional fireworks displays.

The fair has a budget of approx. \$40K and is anticipated to provide significant contribution to school's development plans, which are expected to cost more than \$200K over the next 5+ years.

We understand the Shire of Peppermint Grove would like to support our efforts, and we would therefore like to make the following proposal:

 For \$5,000 of support, we would acknowledge the Shire as a major sponsor at the announcement of the drone show, we would add the Shire name and logo to all promotional posters and publications, and would proudly display the Shire banners at the fair itself Please don't hesitate to get in touch if you would like to discuss this further. We strongly appreciate your consideration and ongoing support of our school.

Kind regards

Katrina Tiller P&C President
