PURPOSE OF REPORT

The Shire Community Strategic Plan indicated the heritage and protection of heritage value is a priority for the community. The Heritage Conservation Grants Scheme is a way for the Shire to offer assistance to owners of heritage property so that repairs and maintenance can be made to the exterior of the property. This report explains the proposed Scheme.

SUMMARY AND KEY ISSUES

- The Shire community has identified the importance of conserving places and buildings of local heritage.
- Many of these places are in private ownership and the majority are places of residence, people's homes and gardens.
- The Shire proposes to initiate a heritage conservation grants scheme to offer assistance to eligible property owners to undertake repairs, conservation and related maintenance work to ensure the value of heritage properties is maintained and enhanced.
- The proposed Scheme will operate on a disbursement basis to recoup costs up to an amount (<\$6 500) as agreed during the Approval process.

LOCATION

The Shire has 146 properties on the Local Planning Scheme 4 heritage list. The Scheme applies to all properties on the Shire heritage list.

BACKGROUND

Several local governments throughout the state have adopted heritage conservation grants schemes to offer financial assistance to owners of heritage listed properties to carry out studies and repairs. Each local government scheme varies due to the availability of resources, the nature of heritage listed properties and the administration of each local government.

The Shire has the majority of its listed properties as residential homes, occupied often by the owner and so the appearance and functionality of each home needs to reflect the balance of heritage conservation authenticity and liveability – tailored to the cost premium of effecting works faithful to the design, crafts and materials of the period.

The proposed Scheme will provide reimbursement up to a figure of \$6 500 for each bid so that owners may recover some of the cost of their conservation works.

The Scheme has been conceived with guidelines and this will assist applicants to tailor their project to meet criteria and provide evidence that works are consistent with the heritage value of the property.

CONSULTATION

The Strategic Community Plan resulted from community consultation. This Plan identified the protection of heritage properties as a key outcome for the future of the Shire. This proposal addresses this objective. Research of other local governments has informed this proposal.

There has been no specific further consultation undertaken in respect to this matter.

STRATEGIC IMPLICATIONS

This Scheme targets the Community Strategic Plan outcome for heritage protection of shire listed properties and enabling the community to achieve objectives.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

All eligible properties must be on the Shire heritage list and the works must be assessed and already approved for planning and issue of building permits.

Work associated with research and conservation management planning may also be eligible for grant funding. Interior decorative works are generally not eligible for funding.

FINANCIAL IMPLICATIONS

\$50 000 has been allocated to the 2021/22 Budget to fund this Grants Scheme.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

The proposal will

- Assist in developing community capacity;
- Support community groups;
- Enhance a sense of community and the image of Peppermint Grove;

OFFICER COMMENT

Council is advised of the Scheme proposal for their consideration and adoption of the attached proposed Scheme and guidelines.

PURPOSE OF REPORT

The Minister for Local government has announced the next stage of reform of the Local Government Act 1995. Attachment 1 outlines the proposed reforms with the main areas of focus being

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger local democracy and community engagement
5. Clear roles and responsibilities
6. Improved financial management and reporting.

In the Comments column WA Local government Association (WALGA) has provided their comments.

Council has been asked for feedback on the proposed changes to the Act and Regulations

SUMMARY AND KEY ISSUES

- The changes will address some of the discrepancies that occur in the reporting requirements for very large local governments compared to small local governments
- The changes will provide greater flexibility in dealing with disruptive members.
- Proposed changes will affect the Shire with the number of elected members.

LOCATION

N/A

BACKGROUND

The Local Government Act 1995 is going through a review phase. Most recent changes have included a review of the Code of Conduct for elected members and staff, CEO performance and recruitment process, and a complaints mechanism for elected members.

The current raft of proposed changes are based on the following 6 themes

1. Earlier intervention, effective regulation and stronger penalties
2. Reducing red tape, increasing consistency and simplicity
3. Greater transparency and accountability
4. Stronger local democracy and community engagement
5. Clear roles and responsibilities
6. Improved financial management and reporting.

The Minister has asked for comment on the proposed changes. Attachment 1 goes into detail on the changes with WALGA adding their comments to each section. Council is requested to provide feedback to the Department by 4 February 2022.

CONSULTATION

There has been no specific consultation undertaken in respect to this matter, although WALGA will reference previous consultation with member Councils.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

There are no specific statutory requirements in respect to this matter.

FINANCIAL IMPLICATIONS

There are no financial implications evident at this time.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

There are no social implications at this time.

OFFICER COMMENT

The CEO has provided comments on the WALGA comments in the attached reform document. The CEO's comments relate to the impact of the changes from an operational perspective and elected members may have comments from a council perspective.

In general, Council can support WALGA's recommendations on the proposed changes. Some area that may impact the Shire

1.5 Rapid Response Red Card – the Shire does not have a Standing Order or Meeting Procedure Local Law. If a red card process is introduced, the Shire may have to adopt a Standing Order Local Law.

2.6 Standardised Meeting Procedure – as above.

3.1 Recording and Live Streaming of all Council meetings – under this reform Council would be required to record meetings and make the recordings available. This would require a technical upgrade to equipment in the Chambers.

4.3 Introduction of Preferential Voting – WALGA has specifically asked for local government feedback. It is not clear why the need to change the first past the post voting system. A move to the preferential voting will mean the voting process will be more complicated, more difficult to explain to voters and potentially mean more politicised local government Councils.

4.4 Public Vote to Elect the Mayor and president - WALGA has specifically asked for local government feedback. As proposed, the method of electing the Shire President doesn't change, i.e. elected by the Councillors. The proposal is that band 1 and 2 Councils would have their Mayors/Presidents elected by the community. Council is generally supportive of each local government being able to determine its own procedures and protocols, so this should apply here as well, the current options in the Local government Act 1995 should be retained, this gives local governments the choice on how the Mayor/President is elected.

6.4 Monthly Reporting of Credit Card Statements- the Shire already does this.

6.8 Cost of Waste Service to be Specified on rate Notices – the Shire currently includes the cost of waste services within the general rate. This change is not supported.

OFFICER RECOMMENDATION/S – ITEM NO 8.4.1

That Council authorise the CEO to finalise the Shire’s submission on the Local Government Reform proposals, based on the contents of this report and WALGA’s recommendations.

8.4.2 Budget reallocation for CAPEX Projects

Attachment No	Details
Attachment	CAPEX Reallocation doc

Voting Requirement	:	Absolute

Author	:	CEO Don Burnett
Responsible Officer	:	CEO Don Burnett

PURPOSE OF REPORT

Council is requested to reallocate Local roads and Community Infrastructure (LRCI) Phase 3 grant to an alternate capital works project (CAPEX)

SUMMARY AND KEY ISSUES

- The Federal government has provided local governments with capital works grants to facilitate economic development in response to COVID concerns and its impact on the economy.
- A phase 3 grant for \$99,284 was to be partially allocated to an extension of the Stirling Highway footpath upgrade south of Irvine street.
- Main Roads WA (MRWA) have advised that they may be undertaking some working in this vicinity that could impact the kerbing and levels.
- This project will be delayed pending the MRWA, therefore the grant needs to be reallocated to another project.
- This report recommends the phase 3 grant be reallocated to the street furniture upgrade in accordance with the Asset plan.

LOCATION

N/A

BACKGROUND

The Federal Government has provided LCRI grants to local governments in order to offset the anticipated negative effect to the economy because of COVID.

Phase 1 grant of \$49,642 was used as a contribution towards the footpath upgrade costs of the section of the Stirling Highway footpath from Cottesloe Shopping Centre to the Irvine Street intersection.

In the 2021/22 budget, Council allocated the Phase 2 grant of \$78,623 to the upgrade of parking around Manners Hill Park and the Peppermint Grove Tennis Club, along bay View Terrace and Keane Street.

The Phase 3 grant of \$99,284 was allocated to the same project as Phase 2 (\$36,903) and to the next stage of the Stirling Highway foot path project, Irvine Street south (\$62,380)

CONSULTATION

There has been no specific consultation undertaken in respect to this matter.

STRATEGIC IMPLICATIONS

There are no Strategic Plan implications evident at this time.

POLICY IMPLICATIONS

There are no significant policy implications evident at this time.

STATUTORY IMPLICATIONS

There are no specific statutory requirements in respect to this matter.

FINANCIAL IMPLICATIONS

Council adopted the 2021/22 CAPEX budget based on the Phase 2 and 3 grants being received. The recommendation of this report does not impact on the financial position of the Shire as it is reallocating the grant to a different CAPEX project.

ENVIRONMENTAL IMPLICATIONS

There are no environmental implications at this time.

SOCIAL IMPLICATIONS

The Shire's CAPEX project contributes to the social amenity of the Shire for residents and visitors.

OFFICER COMMENT

MRWA have advised they may be undertaking some remedial work on Stirling highway between Irvine and Keane streets to correct some ponding issues. It is not clear when this work will be undertaken, however it will impact the proposed footpath works the Shire is planning as it will entail new kerbing and levels. It is proposed that the Shire defers this project until after the MRWA work is completed.

This will impact the allocation of part of the LCRI Phase 3 grant. It was proposed that \$62,380 was allocated to this project. Council's 21/22 CAPEX budget made provision for the renewal of street furniture (seats, bins, drinking fountains, picnic tables etc) for \$57,000 and bollard removal (\$37,500). These works are in accordance with Council's Asset Plan. The Asset Plan also shows the replacement of the Shire's 2 electric BBQ in Keanes Point to be replaced in 2024/25 and it is proposed to bring forward this replacement to align the street furniture assets on the same renewal program and to also coordinate the colour/style guide. This would bring the estimate total CAPEX expenditure for street furniture to \$120,500, however cost estimates from suppliers indicate that costs, including installation could be around \$150,000.

It is proposed that the LCRI Phase 3 grant of \$99,284 is allocated to this project. This means that \$36,903 won't be allocated to the parking project around Manners Hill Park. This project is still subject to further consultation and the final design and costs are yet to be determined. If the full \$99,284 is allocated, it is estimated the Shire's municipal contribution will be around \$50,000. This will allow flexibility from a budget perspective if funds are needed for the parking project.

OFFICER RECOMMENDATION/S – ITEM NO 8.4.2

That Council

- 1. Bring forward the Barbeque replacement in the Asset Plan to the 21/22 CAPEX program**
- 2. Allocate the LCRI Phase 3 grant of \$99,284 to the replacement of the Shire's street furniture as per the Asset Program**
- 3. Undertake the replacement of the Shire's Street furniture as per the amended Asset Plan and amend the CAPEX budget accordingly.**
